

# A CAPITAL WANT AD WILL RELIEVE YOU OF YOUR TROUBLES HUNTING GOOD TENANTS

## STREET CARS COULD HEAD ON IN METRO, AND BOTH OF THE MOTOR MEN MEET DEATH

### MUCH BUSINESS BEFORE COUNCIL TONIGHT

#### STREET CAR FARES, IMPORTANT ITEMS

1914 Paving and Salary Increases Also on List for Meeting.

BETHPAGE HOME DECIDES TO LEAVE CITY FOR B.C.

Fortnightly Meetings to Receive Consideration by the Aldermen.

A lengthy agenda will be before the council at tonight's meeting. A committee report will be heard re capital charges and fares on the street railway. The parks and markets committee will report on municipal stockyards, public comfort station at First street market, paving First avenue, the opening of a new street through Diamond Park and the fence around the south side exhibition grounds. Reports will be heard re the straightening of Heilmann street, standard measure for firewood, rental of the old car barn, roadway to Edmonton County Club and the placing of a cinder track on the south side athletic field.

A report will be read re elective commission charter and re street railway to City Park Annex. Notices of motion will be made regarding information to Property Owners' Association and Dominion Day celebration.

The committee's report re the matter of salary increases will come up and the report as regards 1914 paving.

A number of new bylaws will come up for the consideration of the council and there will be their second reading. To amend bylaw 549 (money by-law) to amend bylaw 523 (divorce by-law) to amend bylaw 57 (ferrous by-law) to amend bylaw 484 (electric light and power). Bylaws re billboards and signs, bread and bakeries and building.

A special meeting will be called for tomorrow to consider the report of the penitentiary grounds as an athletic grounds.

Commissioner Booth reports that the Bethpage Home on Kirkness street will move this week to British Columbia. This institution has been the cause of much complaint from neighbors in the vicinity and while the city has been asked to remove it, the city is not the owner. In this connection Commissioner Booth states that the city has a right of way over the property and that the Bethpage Home was used as a place of residence for a number of years.

Commissioner Harrison states re the establishment of a "test" for Edmonton, that the city has an admirably safe for the purpose. This site was purchased by the city of Strathcona for industrial sites, but at the present time is under lease and would not be obtainable for the city's use until next year.

A meeting of the finance committee will be held this afternoon at 3:30 for the purpose of arranging further details re the sale of bonds.

#### WOMEN OFFICERS WILL TELL OF WORK AMONG YOUNG WAYWARD GIRLS

Wesley Mission Circle will meet tonight, Tuesday, in the church at eight p.m. Active members, friends and visitors welcomed.

Miss Jackson and Robinson will give interesting information regarding the department for delinquent children's work for children and young girls, illustrated by lantern views. This will be a live subject for young women and mothers of young girls.

Dan Russell Wins Chester. Chester, Reg. May 5.—The Chester Vase of \$3,000 for three and four-year-olds, distance 1 1/2 miles, was won today by Lord Russell's three-year-old Dan Russell by Chester Hattie Storer, 10 to 1; Mrs. G. H. Plummer's, three-year-old Colonel Barry, 20 to 1, was second, and J. H. Joe's four-year-old White Mike, the favorite, at 6 to 1, was third. Nine horses started.

### SEEING EDMONTON WITH ALDERMAN MAY

"Does your lane or back yard look like this? If so, get busy this week and clean it up," he says. "Both these photos were made close to Jasper Avenue and First street."

#### ALDERMAN MAY IS TO URGE PASSAGE FIRE HAZARD LAW

Wants Marshal to Have Power to Compel Cleaning Up and Keeping So.

WOULD HAVE EDMONTON BEST CITY TO LIVE IN

He Recalls What Colonel Waring Did in Lowering New York Death Rate.

"You clean your lot and I'll clean mine." That is the slogan for this week. The citizens of Edmonton are responding nobly to the call, and the clean-up operations are now in full swing. Take a walk about the city and see the teams hauling away the discarded mattresses and the broken beds that have been knocking around the yard for some months, with the men with rakes and picks gathering the paper and old cans together, and then ask yourself, are you doing your part to help make Edmonton the cleanest and most beautiful city in the west to live in?

This spoke Alderman May, the father of the clean-up movement in Edmonton, when interviewed this morning. Also upon the pictures printed here and reflect. The photos were made by Alderman May last Saturday, and all are taken within a stone's throw of Jasper and First street.

The clean-up movement is one phase of civic activity that has taken root in the last few years. Alderman May continued, "I remember some twenty years ago in the city of New York, when the streets were steeped in filth, the disposal of garbage and rubbish attempted by favored political figures of Tammany office holders, and conditions such as would make honest taxpayers blush with shame. History repeats itself—like the old rotten and festering states of old, it took revolutionary measures to change things. A specialist—Colonel Waring was appointed streets commissioner, and from that date springs the clean-up movement in America. What Colonel Waring did made the politicians look ashamed, and the death rate the lowest of any of the great cities of the world. Recognizing his ability, the late President McKinley sent him to Havana after the Spanish war to clean up the city and eliminate the yellow fever plague. The

#### APPEAL IS HEARD IN PRIVY COUNCIL OVER TREMBLAY MARRIAGE

London, May 5.—An appeal of considerable interest to Roman Catholics was heard in the privy council today when Malvina Despatie Tremblay of St. Victoire, Que., appealed against the decision of the court of review of that province confirming a decision of Judge Bruneau who granted to her husband, Napoleon Tremblay, a declaration that his marriage was null and non-existent. The facts were undisputed. The parties, both Roman Catholics, were married in 1904. Neither of them knew that they were cousins in the fourth degree and no ecclesiastical dispensation was applied for. The husband, six years later, ascertained this relationship and applied to the bishops under the rule of the council of Lateran for a decree of nullity. This was granted. Anguished for the wife's sake largely on article 127 of the civil code. It was further contended that the code provided for no declaration of nullity of marriage because of the existence of ecclesiastical impediment even under the rule of the council of Lateran. The impediment in cases such as the present was not an absolute one and it had usually been the practice to grant dispensations in any event. It was further argued for Mrs. Tremblay that if the marriage was actually solemnized it could not be annulled and any penalties could only be excessive penalties. Reference was also on behalf of the wife to the status of King Henry VIII, which declared that all impediments except those mentioned in God's Law, shall not render any marriage impeachable within the king's realm or any of his graces other lands and dominions.

#### Suspicion Attends Death.

Moore Jaw, May 5.—Miss Roxie Chenoweth, aged 19, of Dunkirk, is dead here under suspicious circumstances. A coroner's jury rendered the stomach to be removed and this has been sent to Regina for analysis.

The colonel died there of fever himself before his work was through, and the seeds that he planted for this movement have taken root in all the cities on the continent. "It is not only the menace to health," added Alderman May, "that I object to with its fire breeding and subsequent infant mortality, but there is another phase not sufficiently understood. That is the fire hazard. Look at the pictures and imagine what a match or cigar stub might do. I made these pictures with the fire marshal along with me, and my object is to get the fire hazard bylaw passed tonight so as to give this new officer the power to compel cleaning up and keeping clean, a power which he now lacks. And if we find that it is not stringent enough, I'll introduce enough amendments before the year is all he make it so. However, it is urged that all good citizens do their part this week and every other week."

#### PROPOSALS ON RECALL DRAFTED BY COMMITTEE

Special Committee on Elective Commission Will Report to Council Tonight.

PETITION WILL NEED TWENTY-FIVE PER CENT

Preferential Voting in Election of Commissioners Provided For.

To recall the mayor by a petition signed by 25 per cent. of those who voted for him at his first choice, providing the petition is endorsed by the people at an election to be held not less than 30 days and not more than 40 days from the time the petition is presented, and to enact legislation introduced under the initiative and referendum on presentation of a petition signed by 12 per cent of the voters at the last election are some of the proposals of the special committee on the elective commission charter, which will lay their report before the city council tonight. The committee consists of Alderman James East, chairman, Mayor McNamara, Aldermen J. A. Kinney, Rice Sheppard and A. B. Campbell.

#### Requires 2,500 Names

The recommendations regarding the recall state that the minimum number of names to be secured before proceeding for the recall of the mayor are instituted shall be 2,500 and in case of proceedings under the initiative and referendum, 1,200 names. The vote upon legislation to be introduced by the people under the initiative shall take place within 80 days of the presentation of such petition, unless a vote on the matter is already pending. In an election for mayor is pending within 60 days the recall cannot be put into operation.

#### Preferential Voting

Of course, the report provides for the elimination of the city council and the election of commissioners by the city at large. The committee submits a draft charter in accordance with the principles of elective commission government. It embodies part of the existing charter, and a good deal that the committee considered good in the charters of other cities operating under elective commission government. Alternative plans are submitted for the election of commissioners without designation to specific offices and with specification

#### NOT CONCERNED IN THE STOCK MARKET, SAYS SHAUGHNESSY

Vancouver, B. C. May 5.—"The directors of the C. P. R. have plenty to attend to in handling the ordinary affairs of the company without attempting to touch the company's stock in the stock market," declared Sir Thomas Shaughnessy yesterday just before he left for the east at 11 o'clock. Sir Thomas was referring to an item originally published in the Montreal Gazette, and given wide circulation in other eastern papers, to the effect that a proposal was being made to form a brokerage pool for the purpose of holding C. P. R. stock at a more or less uniform figure.

#### FOUR BURGLARIES ARE COMMITTED IN CITY IN COURSE OF NIGHT

Breaking into four places and getting 15 dollars and 15 cents, was the record established by burglars last night. Entrance to Young and Kennedy, 560 First street, was gained by cutting a hole in the back door. Fifteen dollars was taken from the till. The Capital Barber Shop lost 15 cents to burglars. At Gilpin and McLeod next door to the barber shop, nothing was secured and the Palace Meat Market, Fourth street and Jasper avenue, lost nothing.

#### Charter to Be Voted

The report of the committee now presented will be referred to a larger committee comprising all the members of the council and in addition 100 representatives of various wards of the city. The committee will be petitioned to enact the legislation at the next session of the legislature, which will be held next September or October. The elective commission charter committee was appointed February 10th, and got down to actual work February 22. An immense amount of data and information has been gathered by the committee aside from the drafting of the charter showing the various alternative methods of elections and designation of duties.

#### MAN WHO BROUGHT SWIFT HERE SAYS 30 ACRES ENOUGH

Large Site Not Needed, Unless for Pasture, He Laughingly Remarks.

WITH ARMOUR AND SWIFT IN STATES

P. O. Dwyer, President Northern Investment Agency, Came Here by Accident

"I don't know why more than 20 or 30 acres should be necessary for such a herd in Edmonton," said P. O. Dwyer, president of the Northern Investment Agency, this morning. "I have so far been able to discover no reason, unless they want to pasture the cattle while they are in the yards."

Mr. Dwyer did perhaps more than any other single man to make this city what it is as a live stock and meat packing center. In fact, he practically brought the Swift-Canadian plant here years ago when he came associated with the Armour, one of the big Chicago packing houses, in his home state, Connecticut, and in Massachusetts. Afterwards he was connected with the packing and meat industries in Cleveland, Ohio, and finally with Swift in Chicago.

Shortly after his arrival he convinced the Swifts that right here in Edmonton was the proper place for their western Canada headquarters. He induced them to locate here, and the fine plant employing about 800 men at present operating here is the result of his keen insight.

Asked this morning his opinion as to how large an area would be required here for 20 or 30 acres could be secured it would be enough. When reminded that some were recommending the city's purchasing 240 acres or thereabouts, he laughingly stated that he did not understand why such a large area would be needed, unless it were for pasture fields as above quoted.

#### ANOTHER ALSO IS KILLED; 36 MORE SUFFER INJURIES

Practically All of the Victims Foreigners Employed in Auto Factory.

#### FOUR DROWNED IN ANOTHER ACCIDENT

Control of Small Boat Is Lost in Swift Current and Craft Is Upset.

Detroit, Mich., May 5.—Three persons were killed and 36 others seriously injured when two crowded street cars met head-on today.

Both motor men met death. Practically all of the victims were foreigners who were employed in a local automobile factory.

#### VILLA REFUSES TO JOIN THE FEDERALS AGAINST AMERICANS

Torreon, Mexico, May 4, via El Paso, May 5.—The answer of General Francisco Villa to a request from Argentina, Brazil, Ecuador, in command of the Saltillo garrison, that Villa join the Federals in opposing the American occupation of Vera Cruz was delivered to the Federal messengers today.

General Villa refused "absolute" to ally himself or his men with the Federals and declared that he, Huertista had resolved to intervene for their own ends.

General Villa's letter to Villa announced that in addition to occupying Vera Cruz, the Port of Salina had been seized by the United States forces on April 23.

London, May 5.—Foreign secretary Grey was invited by Sir John David Rice, minister, in the house of commons, today to ask the American government "to abandon its position that the removal of General Huerta is of greater moment than the restoration of peace and the protection of life and industry in Mexico."

The foreign secretary declined, declaring that in view of the fact that mediation had been under way by Argentina, Brazil, Ecuador, it could serve no useful purpose for the British government to make the statement to such expenditure on its own account to either Washington or Mexico city.

#### GREAT BRITAIN IS TO BE REPRESENTED AT PANAMA EXPOSITION

London, May 5.—The British government will reconsider its decision not to participate in the Panama-Pacific Exposition at San Francisco and it probably will decide that Great Britain should officially be represented at the fair in a distinctly modified form.

Premier Asquith this afternoon received a deputation from the house of commons representing more than half the membership and promised to submit their views to the cabinet. The suggestion of the deputation was that British government erect a special governmental pavilion which would house as long as possible all the subjects from all parts of the empire. Mr. Asquith intimated that this proposition was in the nature of a complimentary acceptance of the invitation to participate without committing the government to much expenditure, would commend itself to the cabinet ministers.

#### DESPERATE ATTEMPT TO BREAK JAIL IS ENDED BY BULLET

MACHES, Ark., May 5.—A desperate attempt to break jail was made at the Maches barracks by Nick Gerdi, an Italian, which resulted in the man being shot in the hip by the guards. The attempt was made while a number of prisoners were changing guard rooms and after calling upon the escaping man to stop and firing two shots over his head as he was running. Gerdi, who fired at his legs as he broke away from the barracks guards hitting him in the thigh. The prisoner, who has been a month to serve of a three months' sentence was at once conveyed to the Maches hospital for treatment.

# PHYSICIAN GIVES CERTIFICATE TO GIRL AS A MAN

Had Known "Him" For Years and Also Had Attended "His" First "Wife," But Never Knew the Secret of "His" Sex—Absurdity of New Law Pointed Out By Some Doctors.

Milwaukee, May 5.—Developments test, which revealed the absence of any disease but did not show that the person tested was even of the masculine gender.

"When Ralph" made his application for a marriage license certificate, I made the proper examination by testing the blood," said Dr. Scollard. "When the examination showed that there was nothing the matter with him I issued the certificate."

"I had known 'Ralph' for years," continued Dr. Scollard. "He was a patient of mine for a long time. I never treated 'him' for anything that would require a physical examination and I never suspected that 'he' was a woman. I often used to see 'him' in the neighborhood of my office and on cars when 'he' was working at the Cutler Hammer plant."

"One day 'he' came to me and told me that 'he' had been divorced and 'he' was thinking of marrying a man. I put 'him' off but later on he came and then I gave 'him' the certificate. 'His' wife was also a patient of mine."

## CANADA IS SICK OF AS MEETING PLACE OF THE MEDIATORS

Instructions to Militia Organizations Throughout the United States Governing a Possible Mobilization of the National Guard Have Been Sent Out By the War Department.

Washington, D.C., May 5.—Information from Vera Cruz to the war department today that the Mexican federal troops have mined the railroad track from Vera Cruz to Mexico City in preparation for the utter destruction of the road in the event that the American forces attempt a march on the capital.

No confirmation has been received of reports that the San Francisco bridge on the Inter-Oceanic railway has been damaged.

The mines are reported to be located half a mile apart and Mexican soldiers have been detailed to look out the fuses should hostilities ensue. These preparations and the throwing up of defenses, which have been concentrated in the position of the Mexican federal troops stronger, are known to be a source of worry to General Huerta and it is understood that he would welcome orders to start for the Mexican capital at once.

Admiral Mayo at Tampico has informed the navy department that he would have no trouble in taking Tampico and his province, and it was learned that he has more than once hinted in his dispatches that it would be advisable to take such action. He has now under his command in addition to his flagship, Des Moines, two cruisers and a torpedo boat fleet of nine.

Mexico City, May 5.—El Pais announced yesterday that Augustin Rodriguez and Luis Polanco were connected with the Mexican national railways, and Senator Emilio Rabasa, would have been seen by the Mexican press as the mediator between the United States and Mexico may be held in Canada.

At the same time it was said that the meeting of the diplomats would not take place in Havana as had been hinted in some papers.

Washington, May 5.—It was learned that although the Huerta representatives are leaving for Montreal, the sessions of the mediators will not be held there. It was suggested that some other point in Canada had been chosen, but no announcement in this connection will be made for a day or two.

Instructions to militia organizations throughout the country governing a possible mobilization of the National

## Drinking Men's Wives

You can save your drinking husbands and save your money by getting the Neal Institute. Your husbands may be getting drunk with all their money, but when the Neal Institute comes, the result is a sober man and a happy wife. The Neal Institute is a safe, sure, and certain failure and ruin staying in the Neal Institute. The Neal Institute is a safe, sure, and certain failure and ruin staying in the Neal Institute. The Neal Institute is a safe, sure, and certain failure and ruin staying in the Neal Institute.

## FIRST ACTUAL PHOTOGRAPH OF UNITED STATES MARINES LANDING AT VERA CRUZ

General Velasco is said to be grievously disappointed concerning the failure of the government in Mexico City to support him properly in the defense of Torreon, and he is declared to have stated that he would never again lead a column of troops against the rebels.

The fall of Torreon and the subsequent destruction of the federal troops are asserted by General Velasco to have been entirely due to the failure of the war department to heed his appeals for small arm ammunition at a time when he says it was perfectly feasible for it to have reached him.

It is asserted that there is much plotting among the federal army officers, many of whom he declared to be dissatisfied with General Huerta and his conduct of military affairs.

A woman said to have killed eight American blue jackets and married by enjoining them in the streets during the first days of the American occupation was given into the custody of the military authorities last night. A Mexican had informed army officials of her whereabouts, upon which her house was searched and a quantity of arms found. She is to be tried by a military court on charges of murder.

Forty soldiers, until word arrived the other day that the governor had reduced the fine a Mexican man, who cursed the king to 20 shillings. The court accordingly made a similar cut in the tariff for curing the pope.

Derry United rowdies made a midnight attack on the house of a Catholic merchant, William Bailey, Waterford, Ireland. Stones were hurled through the windows, revolvers fired in the air and the pope's name was used in a derogatory manner.

The debate was on an amendment to the agricultural appropriation bill, which was pending when the senate adjourned for the day. This amendment, reported by the agricultural committee, proposed an appropriation of \$100,000, double the amount provided in the house bill for farm demonstration and bell-well work with a clause prohibiting contributions to the fund by individuals or corporations.

At present the general education board, to which Mr. Rockefeller has given millions, pays a portion of the salaries of six hundred government workers, engaged in this work.

Two local Ulster rowdies made a midnight attack on the house of a Catholic merchant, William Bailey, Waterford, Ireland. Stones were hurled through the windows, revolvers fired in the air and the pope's name was used in a derogatory manner.

## Says Rockefeller Money Covered With the Blood and the Tears of Women and Children in Colorado

Washington, May 5.—A determined fight was launched in the senate yesterday to prevent the government from accepting Rockefeller money to aid in farm demonstrations and hold extermination work. Senator Lane declared that "the money of J. R. Rockefeller was covered with the blood and tears of women and children and down in the Colorado strike."

The debate was on an amendment to the agricultural appropriation bill, which was pending when the senate adjourned for the day. This amendment, reported by the agricultural committee, proposed an appropriation of \$100,000, double the amount provided in the house bill for farm demonstration and bell-well work with a clause prohibiting contributions to the fund by individuals or corporations.

At present the general education board, to which Mr. Rockefeller has given millions, pays a portion of the salaries of six hundred government workers, engaged in this work.

This amendment, reported by the agricultural committee, proposed an appropriation of \$100,000, double the amount provided in the house bill for farm demonstration and bell-well work with a clause prohibiting contributions to the fund by individuals or corporations.

At present the general education board, to which Mr. Rockefeller has given millions, pays a portion of the salaries of six hundred government workers, engaged in this work.

Two local Ulster rowdies made a midnight attack on the house of a Catholic merchant, William Bailey, Waterford, Ireland. Stones were hurled through the windows, revolvers fired in the air and the pope's name was used in a derogatory manner.

The debate was on an amendment to the agricultural appropriation bill, which was pending when the senate adjourned for the day. This amendment, reported by the agricultural committee, proposed an appropriation of \$100,000, double the amount provided in the house bill for farm demonstration and bell-well work with a clause prohibiting contributions to the fund by individuals or corporations.

At present the general education board, to which Mr. Rockefeller has given millions, pays a portion of the salaries of six hundred government workers, engaged in this work.

## KAISER STARTS WAR ON BRITISH SHIPPING TRADE

Urges Heads of Steamship Companies to Combine Against Britain.

CANADIAN LINES REFUSE TO PARTICIPATE

Tremendous Combine Represents Capital of Seventy-Five Millions.

London, May 5.—One of the most formidable combines ever directed against English shipping was formed at Berlin yesterday at a meeting of delegates of the North German Lloyd and Hamburg American companies.

The agreement is to establish a community of interest for the next five years in connection with the passenger and freight service across the Atlantic.

The German companies had found it impossible to arrive at an agreement with the English companies possessing a Canadian service as the Canadian lines had demanded that their quota in the projected new pool should be based on the traffic of the last five years.

To this it was objected that during the period in question Canadian traffic had assumed record dimensions, whereas recently it had greatly declined, in some cases to the extent of 50 per cent.

Herr Baillou proposed as a compromise that Canadian lines should, as a preliminary condition, concede five per cent of the share based on five years' comparison.

It was estimated that there are evidences that the session may be much longer than contemplated, especially in view of the fact that there is a large amount of contentious legislation on the order paper to be disposed of.

Yesterday the first instalment of information asked for on the C.N.R. proposals by the opposition was tabled.

It was estimated that the resolution embodying the proposals had been left off the order paper today in order that certain changes might be made in the original draft.

Two bills dealing with postoffice legislation received third reading last night. Hon. W. T. White succeeded Dr. Roche in explaining the main feature of the bill was to provide that on homestead pre-emptions and purchases of land by the government was not good for agriculture the settler could prove up by keeping a certain number of cattle and that in the pre-emption area, the three years' interest required on the purchase price should be thrown off.

There was no discussion to night and the house will go into committee on the bill today.

C.N.R. TOWNSHIP COMPANY ADDED TO SECURITIES GIVEN GOVERNMENT

Ottawa, May 5.—An important and valuable addition has been made to the Canadian Northern Railway system. The Canadian Northern Township company was not included in the subsidiary companies incorporated into the Canadian Northern Railway system, but was held in trust as a pledge of security for payment of bonds guaranteed by the government.

There was no discussion to night and the house will go into committee on the bill today.

# LL GEORGE SAYS DEFICIT MAKES NEW TAXES NECESSARY

LONDON, May 5.—David Lloyd-George, chancellor for the exchequer, introduced his sixth budget in the house of commons yesterday with the announcement that he had to meet an estimated deficit in 1914-15 of £25,000,000.

The nation's total revenue he estimated at £1,092,275,000, while he placed the expenditures at £1,029,252,000.

"This deficit alone," the chancellor said, "makes new taxation inevitable, but in addition thereto the government has come to the conclusion that in order to save some municipalities from bankruptcy there must be a readjustment in the relation of central and local taxation. This will entail large additional expenditures by the exchequer."

He purpose setting up a national system of valuation under which site values will be separated from improvements and under which relief will be afforded the man who improves his property in proportion to the amount he expends to this end. These proposed grants of relief to local taxation for purposes of public health, education and road construction will entail an additional expenditure by the exchequer of £21,000,000, allowing a margin of £1,000,000 we shall have to raise a total of £24,000,000.

"To meet this we propose a revision of the income tax. The existing tax earned incomes up to £5,000 will remain unchanged; on incomes between £5,000 and £7,500 the rate will be 10 per cent; on incomes over £7,500 (approximately \$42 on every \$1,000); on incomes between £7,500 and £10,000 a year, the tax will be 11 shilling (approximately 48 per cent); on incomes from £10,000 to £12,500, 14 pence (54 per cent); while from £12,500 to £15,000 the rate would be 16 pence (64 per cent). The rate on unearned incomes would be raised to 16 pence (64 per cent.)"

The allowance for children of parents whose incomes up to £5,000 would be £2,500 a year would be doubled. There would be a surtax on incomes of £10,000 a year and upwards, instead of this surtax beginning as at present, with incomes of £25,000 a year.

"With this new graduation scale of income tax rate, rising finally to 16 pence on the pound, the total income tax, in certain cases, would be as high as 32 pence (128 per cent.)"

The chancellor declared he proposed to reach Englandmen who had investments abroad in order to escape the income tax, and he said that the death duties on estates over £100,000 would undergo a graduated increase until the maximum would be 20 per cent instead of 15 per cent as at present.

The chancellor estimated the increase in fields from these changes as follows:

Ordinary income tax, £25,250,000; income tax surtax, £12,500,000; death duties, £2,500,000; settlement of estate duties, £750,000.

The totals from these sources is £44,000,000. This leaves £20,000,000 to be found, which the chancellor proposes to take from the sinking fund surplus.

"THE LAND OF PROMISE" IS WITHDRAWN FROM ROAD IN STATES

New York, May 5.—W. Somerset Mearns's play of western Canada "The Land of Promise," in which Miss Lily Burpe was starring, has been withdrawn from the road and the Canadian tour abandoned. Miss Burpe and the other members of Charles Frohman's company are back in New York and are now presenting a new comedy entitled "Jerry" at the Lyceum theater. The reason given for the sudden shelving of "The Land of Promise" is rather interesting to Canadians. T. Herbert Chestnut, a well known Canadian dramatic critic, now doing free lance work in Boston and New York, described the play as "an outrageous libel on Western Canada, especially Manitoba." His criticism was sent broadcast throughout the United States and Canada, and drew forth a letter from both Miss Burpe and her manager, admitting that Mr. Chestnut's criticism was both fair and true. The result was a sudden withdrawal of the work.

The play is still running in London.

**Lumberman in City**

R. S. Goulet, general manager of the Beaver Lumber Company, who operates about 100 yards throughout the west, was a guest at the Royal George hotel for the past two or three days. He has returned to the east.

**Hudson at Royal George**

Geo. L. Hudson, M.P.P. for Winnipeg, is a guest at the Royal George hotel.

**Trenton, N. J., has reduced its debt from \$187,000 to \$121,000.**

**REAR ADMIRAL FLETCHER**

From Montreal. Rear Admiral Fletcher, who has been in the city for some time, is expected to leave for Europe in a few days. He has been in the city for some time, is expected to leave for Europe in a few days.

## White Star Dominion Line

232 Main Street, Winnipeg.  
Or to any railway or steamship agent.

## PHILIPS Cream Baking Powders

**Its superiority is unquestioned  
Its fame world-wide  
Its use a protection and a guarantee against alum food**

The low-grade powders are made from "alum," or "sodium aluminum sulphate," which is also alum, a mineral acid, which does not make the food healthful.

One pound of the low cost powders contains three ounces of alum, a mineral acid. Is it safe to put that on your pantry shelf along with cans of food ingredients?

Food baked with alum baking powders is found to contain a portion of the alum unchanged.

**Read the ingredient clause of label on the can. Unless it shows cream of tartar don't use the powder.**

## BUNIONS NO JOKE SPEAK HERE ON STRAITFORD-ON-AVON MOVEMENT

Newpews of Donor of Shakespeare Memorial Theater to Be Guests.

**CANADIAN CLUB WILL ENTERTAIN**

**School for Actors and Instruction in Shakespeare and Useful Arts.**

Achillad D. Flower, nephew of Edward Flower, a wealthy English baronet who presented the Stratford-on-Avon Memorial theater in 1877 to the Shakespeare association, and Major Flower, who is a captain in the British army and who was present at the relief of Pekin, will be the guests of the Canadian club of Edmonton at a banquet to be given in their honor on Monday, May 11, at 1 o'clock. Mr. D. Flower will speak on the Stratford-on-Avon movement.

Mr. Flower is a business man and a graduate of Cambridge university. The Stratford-on-Avon movement, covers not only the activities of the players in the Stratford-on-Avon company, but also the revivals held annually at Stratford and the instruction to teachers in Shakespearean plays as well as the most magnificent scenery can be employed and includes Jasper Park, the Yellowstone Park, Mount Robin, etc.

The Chicago Great Western railway, known as the "Corn Belt Route" and having lines between Chicago and Minneapolis and St. Paul, Kansas City and Omaha, has decided to establish a traffic office in Edmonton. J. H. Cummings will be in charge and has already arrived here. His official title will be traveling freight and passenger agent for all Alberta and Saskatchewan. The location of his office is not yet decided upon, but his address is P. O. Box 624 or Phone 1436. Mr. Cummings announced this morning in the Canadian Northern ticket office that his road spent \$15,000,000 in the last two years in betterments. It is popularly supposed that about that time the Morgan interests acquired control of the Great Western.

J. B. Griffith, secretary-treasurer of the Edmonton Portland Cement company, has left for Marlboro, the site of the company's plant on the G.T.P. about 144 miles west of the city.

R. N. Aylward, assistant manager of the Edmonton branch of the Bank of Commerce, and Mrs. Aylward, left Winnipeg Sunday night via the Canadian Northern express at 9:40.

"The importance of Edmonton as a traffic center on the Canadian Northern railway is evidenced by the appointment, just announced, of R. P. McNaughton, heretofore traveling passenger agent at Stratford, to the same position at Edmonton. Mr. McNaughton has already taken up his new duties and will have his headquarters at 455 Jasper avenue east, the same address as Mr. McNaughton's former position at Stratford. He will be assisted by E. P. Fox, a former ticket agent here, who will take Mr. McNaughton's former position at Stratford.

Miss Helen Hieffman, private secretary to Hon. A. J. McLean, provincial secretary, leaves via the C.P.R. for her old home in Guelph, Ont., Thursday night next.

The Edmonton delegation of Shriners who will attend the Atlantic meeting of the imperial council will leave on tomorrow night at 10:45 a.m. P. R. train, accompanied by A. E. New, traveling passenger agent of the New York Central lines. Their route will be C. P. to Port Huron, Ont. to Chicago, Ill. (New York Central) to Chicago, Ill. and then to St. Paul, Minn., thence to Atlanta via the Southern railway. Most of the delegation are expected to return via Washington, New York, Montreal and Toronto.

W. J. P. McGregor, formerly of Montreal, N.B., who was recently appointed division freight agent of the G.T.P. at Edmonton, has arrived here to take over his new duties. His office is at 119 Jasper east.

W. T. Leveak, a chief factor of the H. B. Co. and in charge of the whole north, is leaving with his family to spend the summer at the coast.

**WIFE NAMES BABY; THEN HUSBAND QUILTS**

Los Angeles, Cal., May 5.—"Well name her Helen, after Helen of Troy," was the declaration of Christos Malatinos, when his wife gave him a son, his baby's name.

"We will not," said Mrs. Malatinos. "Her name shall be Muriel."

And in the next five minutes a quarrel broke out. Muriel's mother, a brother of San Pedro, then deserted his wife and child.

This was several months ago. Malatinos was hailed before Judge Monro.

He was held under \$1,000 bail for preliminary examination and went to jail in default.

**Athabasca Progressing**

A. A. Greer, a prominent citizen of Athabasca, where he is connected with large real estate, gas and oil projects, at the Royal George. He states that Athabasca is progressing faster and more substantially than ever before and expects a big year in 1914.

## DISCUSSED RATE MATTER

**MR. ALFRED W. SMITHERS.**  
Chairman G. T. R. Board.

**IN THE PARLOR CAR**  
Railway and Shipping News.

Beginning yesterday the G. T. R. commenced to run a modern parlor car on trains 1 and 2 between Jasper and Medicine Hat. After this week it will run every except Monday in each week until further notice, the cars being sent in to Edmonton each week and to be stocked and repaired. These cars are combined and will be welcomed by the travelers of Edmonton on the G.T.R. So many enquiries have been received for this innovation that the G. T. R. decided to start it at once, even before announcing the regular summer schedule which will start about June 3. This portion of the road is what is called the "Parlor Car Route" and includes Jasper Park, the Yellowstone Park, Mount Robin, etc.

**ANYBODY CAN TAKE TRIP IF CERTIFIED**

Twenty Days After Reaching Queen City to Take in Side Trip.

Although the schedule of the special train which will carry 100 or 150 live Edmontonians from here to Toronto, June has not been definitely decided upon, a preliminary draft of same has been made, providing for daylight stops at all the cities which it has been decided to visit on the way down. Coming back, of course, one may stop off wherever one wishes.

While some of these stopovers are not at an unreasonable hour as it was hoped could be arranged, it must be remembered that the special train will not be allowed to interfere with the schedules of the regular trains, and that both freight and passenger traffic is heavy on all the lines. Some alterations may be made later in the schedule.

The Pullman equipment, baggage and observation. These cars will be made up of the regular train, and will be taken through the entire trip. Those taking the trip are promised the same treatment on the continent. There will be no transferring of passengers or inspection of checked baggage. Two Grand Trunk passenger agents will accompany the train from Edmonton to Toronto.

The office of the secretary of the convention in Toronto, such return trip to begin not later than July 10. All passengers must register at the office of the secretary of the convention in Toronto. Twenty days' time is allowed after reaching Toronto to make the return trip. The special train will be abandoned at Toronto, and passengers may return when they wish within the above limit. Passengers returning all rail must return by same route as on the going trip; all will be allowed to return by the lake route if they so desire, on payment of charges for state-room and meals on the boat—about \$5. When the return trip is begun it must be completed within seven days.

Passengers wishing to spend most of the time at such points as London, Detroit or Chicago, are advised to go there by the regular train, and then to be changed for the validation of their return tickets in Toronto for the date they wish to begin their return from that point, and use their convention return ticket from that point to Edmonton.

The fares are as follows:

Ticket, Edmonton to Toronto and return, \$18.50; upper berth, Edmonton to Toronto, \$1.00; lower berth, Edmonton to Toronto, \$1.00; dining car, \$1.25; compartment, \$1.25; baggage, \$1.00; and a total of \$24.00; drawing room, Edmonton to Toronto, including stopovers, \$14.00.

Two adults may occupy either upper or lower berth without extra charge; four adults may occupy a compartment; and four adults may occupy a dining car. Seats in observation cars are free; all passengers must have Pullman reservations and must be held by occupants of a compartment or drawing room. Two dining cars will be carried on the train. Children up to five years free; over five years same charge as adults for transportation. Young children may occupy sleeping car berths with parents without extra charge.

Passengers need not leave the train at any time during the going trip. Any person may make the trip with the member of the association or not; but all must be certified by the association as delegates to the convention. The certification can be arranged at the office after June 1. Reservations will be allotted in the order in which applications are received. A deposit of \$10 is required for registration—this will apply upon the Pullman reservations, and is considered an evidence of good faith.

One hundred and fifty passengers will make a good train; the association is coming in rapidly, and all who intend to go should lose no time in making deposit as above.

Elaborate reception are being arranged at each stopover through the officials of the provinces, states and cities through which we pass. This will put the name of "Edmonton" in the mouths of millions all over the world, and great credit should result. Attractive souvenirs and literature will be distributed en route.

The schedule so far worked out is as follows:

Leave Edmonton via G.T.P. at midnight on Saturday, June 13. Arrive Winnipeg 6 a.m. Monday, June 15. After a stop of 12 hours in Winnipeg, leave via the Lake at 6 p.m. June 15, arriving Minneapolis 8:30 a.m. June 16. Eight hours will be given to a stop at Minneapolis and St. Paul, and the special will leave St. Paul over the Northwestern line at 4:30 p.m. June 16, arriving Eau Claire 7:30 p.m. It will leave Eau Claire for Lake Park at 7:30 and arrive at Milwaukee the next stop, at 7 a.m. Four hours will be given to a stop in Milwaukee, and the special will be in the Beer City, the train pulling out at 11:45 and reaching Chicago at 2 p.m.

Chicago will be left behind at 4 a.m. June 18, providing for a 14-hour stop here. The Grand Trunk will carry the crowd east, arriving at South Bend at 7 a.m. the same morning, stopping there three hours. Then to Cleveland, where they make breakfast foods, at 12:10 noon, stopping for 2 hours 45 minutes, and leaving at 4:15 p.m., stopping 4 hours and 45 minutes.

Detroit will be reached at 1 a.m. on Friday, June 19. The train will stop made there; Mount Clemens, Mich., at 4 p.m. the same day, and a four-hour rest allowed at the sanatorium. Port

## FIRST DRAFT OF SCHEDULE OF "ON TO TORONTO" TRIP

All Daylight Stops, Though May Yet Be Made Even More Convenient.

ANYBODY CAN TAKE TRIP IF CERTIFIED

Twenty Days After Reaching Queen City to Take in Side Trip.

**W. H. CLARK & CO., LTD.**

Factory: 9th and Peace. Yards: 8th and Mackenzie. Phone 1216  
Phone 4366. Sales and Collect: 3rd and 4th. Phone 81347  
Head Office: Ninth Street. Phone 4366.

Huron will be the next stop, arriving at 1:15 p.m. on Saturday, June 20, the train will pull out of Port Huron at 3 a.m. and reach Stratford at 7 a.m. After a two-hour stop in Stratford, Guelph will be reached at 10:30 a.m., and left at 11:30 a.m. for Toronto. The excursionists will alight in Toronto at 2:30 the same afternoon. The convention starts with special service in all the churches on Sunday, June 21.

Michael Sullivan, 91, gave his son-in-law, aged 18, a \$100,000 inheritance, the other day for being disgraced at home.

Temple, Texas, has purchased its sewer system from private corporations.

Prince Arthur, of Connaught, is said to be slated for vicerey of Ireland when home rule starts.

## RIGHT TO CHANGE MIND GIVEN WOMAN

Los Angeles, Cal., May 5.—That a woman has a right to change her mind was in substance the ruling of Judge Hives in Probate Court in unbinding the second will of Florence Chase.

The second will of Miss Chase has been the subject of several years' litigation. She was a sister of the late Florence Chase, who owned the Nadeau Hotel.

It was held by Judge Hives that in making the second will and ignoring the contents of her brother's will, Miss Chase acted within her rights.

WM. MACGADAMS, EDITOR. W. R. WILSON, MANAGER.

## EDMONTON DAILY CAPITAL

OFFICE OF PUBLICATION—DAILY CAPITAL BLDG., 623-625 SECOND ST.

STATESMANSHIP FROM A POINT OF VIEW.

The Saskatoon Star is one of the Mackenzie and Mann string of newspapers. Like the other members of the string, it is an ardent supporter of the Borden government. In the bargain to be entered into between the government and the C. N. R. it sees the evidence of great statesmanship upon the part of the premier and his followers, and this is the language in which it justifies Borden's action in taking 40 per cent of the stock.

The measure of drastic reduction of the capitalization under which the C.N.R. has staggered, as it is proposed to squeeze the water out of the common stock in a manner as effective as the squeezing of a wet sponge under a steam hammer. The loss of the money paid by the people in freight and telegraph an express charges will go toward making water stock more valuable than waste paper, and more will go back to the people by way of the public treasury, for Sir William Mackenzie knows whereof he speaks when he states that eventually, the government must "make money" out of its bargain.

This from such an authoritative source makes it quite clear what the effect of the bargain will be. The common stock, as at present constituted, is water. Whether the amount represented on the face is \$145,000,000 or \$100,000,000 makes not the slightest difference, so long as the stock does not represent anything. The government cuts it down to \$100,000,000 and takes 40 per cent. The government must to "make money" out of the 40 per cent. In order to make money, the stock must come to have a value. Values in stocks arise out of dividends. Dividends are taken from earnings. So, if the government is to "make money" out of the stock, the earnings from freight rates, telegraphs and passenger receipts must be made to earn a dividend for common stock after the interest on the bonds which the government is guaranteeing for the construction of the road has been paid.

The problem is simple. What the government is doing is entering into arrangement with Mackenzie and Mann to keep rates up to a point which will pay dividends upon common stock which has no equivalent investment in physical assets of the road. In other words, the government is going into cohorts with Mackenzie and Mann to cut a melon at the expense of the patrons of the road. In the melon cutting, if the stock is brought to pay Mackenzie and Mann get \$60,000,000. The Dominion of Canada retains \$40,000,000. But the entire hundred million comes out of rates levied against the industry of the people of the Dominion of Canada—especially those people who live in the west. The people of Canada are \$60,000,000 out on the transaction. Mackenzie and Mann are \$60,000,000 ahead.

As the Mackenzie and Mann string see it, this is statesmanship. From their viewpoint it is.

### THE AREA AND COST OF A STOCK YARDS SITE.

A correspondent, Mr. Bayne, of Vegreville, writes to ask how many stock yards The Capital knows which are successfully doing business on 50 or 75 acres.

On page 10 of the Saturday Capital Mr. Bayne will find the answer by no less an authority than Mr. Inghram, general manager of the Swift Canadian, who points out that 10 acres of the St. Paul yards, the amount actually in use there, 12,000 cattle, 12,000 hogs and 30,000 sheep have been handled in one day.

Edmonton's immediate competitor in the stock yards business will be Calgary. The amount of land Calgary is purchasing is 59 acres.

Chicago's entire packing house district, including stock yards, plant-sheds, soap factories, oil mills and the whole business is within the boundaries of one section of land. This is the largest packing in distry on earth.

In his letter, however, Mr. Bayne appears to overlook the essential point. He evidently presumes that to get 320 acres which he appears to believe requisite to the success of a stock yards project it is necessary to go to some point well outside the city and to deal with some individual who has a half section intact which he is anxious to sell to the city. This is far from correct, as, under the town-planning act, upon it having been demonstrated to the satisfaction of the department of municipalities that any area, whether 50 acres or 320, was necessary to stock yards, the city could get the right to expropriate that area in whatever location would be best suited to the purpose. The argument that the city cannot get the amount of land it requires immediately adjacent to the present plants has no basis in fact.

In considering the price of the inside and outside locations it is necessary, in order to arrive at a comparison, to add to the price of the outside site the cost of extending the water, light, sewer, sidewalk, paving, telephone and street railway to the outside site. This cost, spread over the acreage required for actual stock yard purposes, would make the outside site very expensive if it were given to the city as a present and the purchase price given along with it as a bonus.

### THE OBVIOUS THING TO DO, WITH A VACANT LOT.

Building permits taken out during the past few days indicate that the expectations of a busy building season are about to be realized. Money is a trifle easier for building loans than it has been for some time past, especially for revenue-producing business property, and the cost of building material is lower at the present time than it has been for over two years, while the situation in the labor market is such as to indicate a peaceful year.

Edmonton has need of a large amount of new building, but probably the most impelling force toward activity in building is the fact that a vacant lot produces no revenue and unless put to use the taxes thereon will soon discount a considerable advance in price. With no taxation on buildings, as is the case in Edmonton, the obvious thing to do is to put a building on the lot and thereby make it revenue-producing.

### THE COLLEGE PROFESSOR IN DIPLOMACY.

Great Britain, France and Spain offered, informally, of course, but nevertheless specifically, to act as mediators between Huerta and United States. The offer of these nations President Wilson refused. Argentina, Chile and Brazil made the same offer in about the same manner, and their offer President Wilson accepted.

When the offer to mediate came before the Mexican leaders on both sides, both sides accepted the good offices of Argentina, Chile and Brazil. Had any of these nations recognized Huerta, Carranza could not have accepted the offer to mediate. Peace would have been impossible.

For a mere college professor, Wilson seems to know a little about the diplomatic game himself.

### LAW AND ORDER AS THEY HAVE IT IN COLORADO.

Since the federal troops have taken the Colorado situation in hand it has developed that the fire at the Ludlow tent colony in which women and children were cremated was set by state troops who were on the ground at the command of the state government to assist the mine owners in their attempt to defeat the strikers in the coal mine district.

John D. Rockefeller, Jr., has declared that he will spend his last dollar to break up labor unionism in Colorado. The state troops are evidently willing to go John D. Jr., one better by murdering the strikers' wives and children. All of which is done in the name of law and order—as they have it in Colorado.

### CORRESPONDENCE.

(The publishers of the Edmonton Capital feel it necessary to explain that they take no responsibility for the views in letters sent to the editor. Letters will not be printed unless name and address are given for publication.)

#### Re Stock Yards Acreage.

To the Editor of the Capital:—Without waiting to be disputed about the accuracy of your assertions as to the city's right, etc. I want to call special attention to the acreage required. Do you know of any public stock yards market where the business is done on 50 or 75 acres of land? How make immediate inquiry and satisfy yourself on that point and when you have done so, you will hold all your old friends and make some new ones by coming out openly and frankly acknowledging that your statement of 50 or 75 acres was away out of line. How many acres in Kansas City stock yards? St. Joseph, Mo. stock yards? South Omaha stock yards? Sioux City, Iowa, stock yards? South St. Paul union stock yards? Union stock yards, Chicago? East St. Louis stock yards? How many acres does Swift Canadian company think they need right in Edmonton for the work planned, also P. Buzza company. Half a section is none to much and every acre will produce considerable revenue for Edmonton within a very few years.

Yours truly,  
M. R. BAYNE.  
Dayland, Alta., May 2.

### TODAY'S BIRTHDAY PARTY

Tumulty, Secretary to President, is 35 Today

Joseph Patrick Tumulty, whose job as secretary to President Wilson makes him a sort of assistant president of the United States, was born in Jersey City, N. J., May 5, 1878. He is the youngest man who ever held such a position, but he is mighty far from being the least capable. He is the son of a bricklayer, but he is a member of the New Jersey assembly. He is Irish by descent, Roman Catholic in religion, and understood the politics of his country. In his present job he gets \$7,500 a year, has a private carriage, and never has a moment more than a moment's spare time. Very often, in fact, he knocks off and calls it a day before 10 or 11 p.m., and then he is in the happy and carefree position of a man who has nothing to do till tomorrow. He is the father of a large family of children, most of whom learn by sight, from glimpses they have caught of him coming and going.

Eugenie, ex-Empress of the French, was born Marie de Guzman, daughter of Spanish aristocrats, in 1822. She was a woman, in Granada, Spain, eight years ago today. As the imperial spouse of Napoleon III, she was the acknowledged ruler of the world of fashion. With the downfall of the second empire she fled to England, where she has since resided, although she is now permitted to visit France at will. Since the death of her husband and her son, who was slain while fighting under the British flag in the Zulu war, the imperial widow has seldom appeared in public society. From time to time she has been seen at church service for the first time in forty years, the occasion being the funeral of a friend. The former empress was one of the most fashionably dressed women of Europe and the dictator of styles for the whole world, but since the death of her son she has worn only the deepest mourning. That she has not entirely lost her interest in pretty gowns, however, was demonstrated on the occasion of a recent visit to Paris, when she called upon the leading dressmakers of the city for her newest toilets, and indulged in expressions of rapturous admiration when she gazed upon the marvelous robes and costumes.

Major Martin Archer Shee, one of the unlabeled leaders of the House of Commons, was born forty-one years ago today, and acquired his military title in a severe battle, and several medals in the South African war. Last month Major Archer-Shee achieved a front page position in the world's newspapers by issuing a challenge to Michael J. Flavin, an Irish Nationalist who had been killed in the war. Flavin pressed an ardent willingness to oblige the Major at any form of combat, and it was with difficulty that the men were restrained by their friends from indulging their belligerent desire. Major Archer-Shee recently visited northern Mexico and interviewed Gen. Carranza, who impressed him as being "perfectly sincere and genuine in his determination to avenge the death of Madero."

James Aloysius O. Gorman, United States senator from New York, is not, as some may surmise, a Texan or an Italian. He was born in New York fifty-four years ago today and his parentage entitles him to membership in the exclusive Order of Blue Devils. Politically he was a pupil and protegee of Richard Croker when that statesman was chief of the Tammany society. Senator O'Gorman married his son after attaining his majority and is the father of a round dozen children.

### FIRST THINGS

Babylon. The first man to undertake extensive and important explorations among the ruins of Babylon and Nineveh was Sir Henry Layard, who was born in Paris 57 years ago today. It was due to his friendship for a young man named

a great fear of sea-sickness that he was

## CAN'T BEAT "TIZ" WHEN FEET HURT

"TIZ" for sore, tired, puffed-up, sweaty, calloused feet or corns.

You can be happy-footed just like me. Use "TIZ" for sore, tired, puffed-up, sweaty, calloused feet or corns. "TIZ" takes the pain and soreness out of corns, callouses and bunions.

As soon as you put your feet in a "TIZ" bath, you just feel the happiness soaking in. How good your poor, old feet feel. They want to dance for joy. "TIZ" is grand. "TIZ" instantly draws out all the poisonous exudations which puff up your feet and cause sore, inflamed, itching, sweaty, smelly feet. Get a 25 cent box of "TIZ" at any drug store or department store. Get instant foot relief. "TIZ" is the only foot powder which keeps your feet forever never going to bother or make you limp any more.

Let us hint what was to be his life work. Layard was educated for the law in England, and then he went to practice his profession. He was accompanied by another lad, who had a horror of the ocean. Layard, however, agreed when his companion suggested that they make the trip by land across Europe, Asia Minor, Persia and India. It was while on this journey that Layard was inspired with the ambition to delve among the ruins of the ancient cities of the world.

"When I first beheld the mounds of Nineveh," he wrote, "a great longing came over me to learn what was hidden within them. He yielded to this desire, and largely on his own expense carried out those excavations at Babylon and Nineveh which were so largely responsible for the discovery of the lost records and relics of the lost records and relics of the past. Many cities and palaces, including the palace of King Nebuchadnezzar, were unearthed by Layard, and the most valuable treasures in the British Museum serve to commemorate his name and fame.

Washington's new cathedral of \$85,000 and Paul will cost \$200,000. One New Yorker has given \$500,000 for foundations.

### TODAY WE CELEBRATE

Semi-Centenary of Terrible Battle of the Wilderness.

The terrible struggle, unprecedented slaughter, deadly ferocity; brother pitted against brother in combat to the death; life and drum and bugle ringing out the "wild, grand music of war"; roar of cannon and shriek of shell and dying hum of rifle bullets; clash and flash of steel on steel; agonized screams of the wounded mingled with the cheers of the victors and the hoarse shouts of command; prayers and curses, shrieks of fear and full-throated yells of defiance; a fiendish clamor echoing in a vast, silent retreat where before Nature had brooded in lone, majestic peace; and on ground the dead, a mighty host; hundreds of corpses mangled by cannon shells; corpses dismembered by bayonet thrusts; corpses hacked to pieces by swords; corpses perforated by bullets, all trampled over by horses and by headless men made mad by lust of blood; and what but a short time before were living, breathing men have become but dirt beneath the feet, refuse, the debris of war; later, when men have become sane again, they will be gathered up with reverent care, and laid away in the "silent city of the dead," to sleep "On Parnassus' eternal canvas ground."

It was just half a century ago today that that sanguinary, desperate conflict called the battle of the Wilderness was commenced, with the Federals under Grant, opposed to the Confederates under Lee. The latter had only 60,000 able troops with which the 100,000 men under Grant and Meade. On the fourth of May the Union army crossed the Rapidan, and the following day the issue was joined. For sheer, desperate and determined ferocity this battle which lasted two days, has seldom been equaled in the history of warfare between civilized nations. The tactics employed were decisive and both sides claimed the victory. Later, however, Grant began a flanking march around Lee's right, and the latter gradually retired toward Spotsylvania. The Federal loss during the two days of conflict amounted to 18,000 men, or nearly a fifth of those engaged, while the Confederate loss of 11,000 was about the same percentage of Lee's army.

The battlefield in the Wilderness remains today, half a century after, very much as it was left by the contending armies, except for the tablets and monuments and cemeteries to be found scattered here and there throughout the thicket. Many grim relics are found on the field—fragments of rifles, bullets, and now and then a bit of bone that an anatomist would recognize as having once belonged to a man. The relic vendors are frequently to be met with in the towns and villages near the battlefield, and many carry on a flourishing trade in the grim and grisly remains of the bloody past.

The Wilderness is well-wooded, for in many parts it is still a tangle of trees and brush and vines and briars and shrubbery. White monuments gleam here and there in the under-

## GLAD NEWS TO ALL WITH BAD COLDS

### INSTANT RELIEF—FEW HOURS FOR CURE

Nothing Known to Science is so Invariably Sure to Cure as "Catarrhazone"

Just Breathe Catarrhazone

The Oozated Air Cure, better known as "Catarrhazone" is death to colds. Its health-laden fumes contain the leading relief-atopm gagging, hawking and sneezing. Mucus and phlegm are cleared away, breathing made easy, and Catarrh symptoms entirely disappear. Delightful and pleasant is Catarrhazone, made to use because you breathe it—sure to cure colds and catarrh because it de-

brush, marking the last resting place of some hero who, in the heat of battle, in the roar of conflict, found the serenity of death." Oaks and pines bear the scars of battle, the stumps of other trees which were wounded to their death by the battering of the human abodes scattered about the Wilderness of today are mostly tiny cottages or hovels, but their surroundings and associations lend them a certain grandeur of simplicity. In the national cemeteries there are long and orderly rows of tablets and graves that are covered with wild flowers. There are clearings here and there where the Wilderness seems to be peaceful onslaughts of man. In the distant future, no doubt, the Wilderness and its scars will be wiped out, and the field made memorable by Mars will be dedicated to the goddess of fertility.

### EMPLOYMENT AGENCY LICENSES SHOULD BE HIGHER, SAYS OFFICER

Arnold F. George of Ottawa, traveling immigration inspector for the dominion department of the interior, is in the city on departmental business. Asked to immigration conditions, Mr. George stated yesterday to the Capital that employment agencies were being set up for a great deal of the dissatisfaction which existed among newcomers to the west.

"I believe that instead of a five-dollar fee, as is prevalent in Alberta, it should be \$100," he said. "The fee is so low here at present that men enter the business almost every day, and are in most cases out of it the next. If the fee were \$100 or thereabouts, you would have good responsible men or firms, who would stay in the business, study the laws and obey them. Save the money for a very good law regulating employment agencies."

Washington will entertain, starting May 1, the sessions of the Presbyterian general assembly.

travels the cause. Doctors say nothing is more scientific, nothing possesses such might of merit in winter. Ihs. "To clear a cold out of your nostrils and to be able to breathe in a minute or two to breathe freely again, I can't conceive of anything being better than Catarrhazone." It was written by J. A. Galvin, of Port Huron, Mich. For any sort of Catarrh, throat trouble or bronchitis, Catarrhazone is a specific. I know scores of people who use Catarrhazone and all speak wonders of its merit."

Get the complete 110 cent kit it does the work sure. Small size 50c; sample or trial size 25c. Sold by dealers everywhere.

### TODAY IN DOMINION HISTORY.

John Nesbitt Kirchoff, Canadian statesman, was born in County Cork 65 years ago today, May 5, 1848. His father was the Rev. R. B. Kirchoff, the rector of Ballyvaughan, in County Cork. The future dominion senator was educated at Marlborough college. It was just half a century ago, when he was a lad of 16, that he emigrated to Canada and settled at Port Hope. He studied law and was called to the Ontario bar when he was 23. For a dozen years he practiced at Port Hope, but in 1855 removed to Manitoba and hung out his legal shingle in the Fifth city of Brandon. A little later he founded on new town of Souris, and was its mayor when the second Irish rebellion broke out in 1855. He served valiantly with the Manitoba troops sent to aid in suppressing the insurrection, and his services won the recognition of a medal. He had previously had military experience, while still in his teens, in the Peninsular wars of 1855, and on that occasion was also awarded a medal. He was elected to the Manitoba legislative assembly in 1886, was a member of the Western legislative board and in 1887 its chairman. In 1891 he was called to the senate. He was the champion wing-shot of Manitoba, and when the Prince of Wales visited that province in 1891, he entertained the future sovereign at a shooting party on Lake Manitoba and over a thousand wild ducks were killed in a single day. In his younger days the name of Kirchoff was associated with cricket, and on several occasions he was the captain of the international cricket teams pitted against the cricketers of the United States.

H. J. Gladstone will retire in June from the governor-generalship of South Africa. Henry Prince, hermit, dead in Hempstead, L. I., leaves a fortune of \$500,000.

## How Many Times Have You Heard the Remark "Just Take a Spring Medicine"

## Do You Know Why This Remark is Made?

The reason for this is that your liver is sluggish, your bowels inclined to be constipated, and your blood thick and impure.

This is caused by the amount of rich and heavy food you have eaten during the winter months to keep your body warm.

"Is it not enough to clog the system up with waste and poisonous matter"? What you need is something to put the blood into proper shape and prepare it for the hot summer months.

## Burdock Blood Bitters

will entirely eliminate that dull, weary, tired, worn-out, don't-care-to-exert-myself feeling which creeps over you at this time of the year.

Try it, and you will find that it will give snap and vigor to the entire body.

Manufactured for the Past 40 Years by the T. Millburn Co., Limited, Toronto, Ont.

## RETAILERS IN CONFESSION ASK SMALL DEBTS ACT

Claim Present Procedure is  
Too Cumbersome and  
Expensive.  
CAMPAIGN AGAINST  
MAIL ORDER HOUSES  
Co-Operative Stores and Public  
Markets Will Come in  
For Discussion.

Calgary, May 5.—Many questions of importance to retailers throughout the province will be discussed at the first annual convention of the Alberta branch of the Retail Merchants' Association of Canada, which opened in the Prael hall here today. A unique display of Calgary made goods has been placed on exhibition in the basement of the convention hall.

The establishment of a small debts court will be one of the vital questions to be considered. The boards of trade and other public organizations in the province have had this matter under discussion for some time now, but as yet nothing has been done by the government to enact the necessary legislation. In the meantime, the merchants claim that they are losing huge sums of money every year simply because they cannot collect their accounts. Because many are had to the courts, but under the present provisions it is not profitable to sue for debts unless the sum is a large one.

**Oppose Co-operative Stores.**  
Opposition will be offered to the movement for the establishment of co-operative stores. In the province and the commonwealth mail order houses are outlined. Other grievances of the retailers have to do with wholesale merchants selling direct to the consumer and also with the public markets being established in the city. The merchants claim that the farmer and producer should not be allowed to compete with them on equal terms. The question of early closing will be discussed at length.

A resolution asking for better protection against the transient traders and peddlars will also be introduced by the merchants at the convention, and the cities and towns will be urged to enact strict bylaws which will call for the paying of heavy licenses by all peddlars and transient traders. Other resolutions will be introduced asking for the abolition of weights and measures inspection fees and for amendments in the pure food laws.

## LACROSSE BOOMING IN WEST SAYS LALLY— ARRIVES HOME EAST

Corvallis, Ont., May 5.—Very enthusiastic is Joe Lally, the well known lacrosse man, who arrived in town yesterday after a two months trip to the west, in connection with lacrosse matters.

After a careful look into the amateur lacrosse situation in western Canada, Mr. Lally believes that the national game will make great strides during the year 1914.

**Krafchenko Visited by Wife.**  
Winning, May 5.—Mrs. John Krafchenko was permitted a half hour interview with her husband yesterday while attempting to arrest him of the prison cell and two guards understanding the Romanian language, remained within hearing during the entire time.

**"Billy" Sunday Invited.**  
Winning, May 5.—By a vote of 15 to 15 it was decided yesterday to invite "Billy" Sunday to come to the mission. The decision was carried at a meeting of the ministerial association held yesterday from the various churches here.

**Police Officer Shot.**  
Montreal, May 5.—Another Montreal police constable was shot yesterday while attempting to arrest a man. Henry a man believed to be one of the missing handbills who have been missing for nearly two months.

**Toronto, May 5.**—Rev Canon Spence, rector St. Peterburg church, Coburg, and a prominent clergyman, died suddenly Sunday night at Newtown Station, who cut her off in his will with \$50.

## All the Tired Nervous Women Can Find a Cure in Dodd's Kidney Pills.

Madame Perreault Tells How She  
Cured Her Kidneys With Dodd's  
Kidney Pills and Found Health  
and Contentment.

Vernon, Ont., May 4.—(Special).—"I am very content. Dodd's Kidney Pills have made me well." Those are the words of Madame Eugene Perreault, a highly respected wife of this place, and mother of a large family. For twenty years she was a sufferer. But, let her tell her own story.

"I was always tired and nervous," she states. "I felt heavy and sleepy after meals. My limbs were aching, and I had a dragging sensation across my loins. My skin itched and burned at night. I had a bitter taste in my mouth, especially in the morning. In twenty years I hardly knew what it was to have a full night's rest. When I commenced to use Dodd's Kidney Pills, six boxes cured me."

Madame Perreault's symptoms were those of kidney disease. The signs of the symptoms of nine out of ten of the nervous, run-down, pain-racked women of Canada. Madame Perreault found a speedy and complete cure in Dodd's Kidney Pills. They simply cured her kidneys.

## LONG-NAMED COUNT DECIDES INTRODUCE BASEBALL IN RUSSIA

Around the guests at the Alberta hotel yesterday was Count Henri De Narovianski, of St. Petersburg, Russia. He is a capitalist from the domain of the czar, who is looking western Canada over with a view of finding the best and surest forms of investment. Count De Narovianski, when the extraordinary length of his name was referred to, stated that he much liked it. In fact, he stated that in the part of Russia from which he originally came his family names are similar to his, most of them being longer. He mentioned one name with 37 letters in it, or just 17 more than his own. Count De Narovianski's English-speaking friends call him Narovianski for short. He left for Saskatoon and Winnipeg last night, after witnessing the Ekimov-Quaker ball game, he having become an enthusiastic ball fan since coming to America. He says he will make an attempt to introduce it in Russia.

## LOYD GEORGE MAES RICH PA FOR SOCIAL ILLS

Some Are Disappointed That  
Poor Man Gets Off  
Lightly.

NEW BUDGET WILL  
HELP GOVERNMENT  
Longer Election Is Delayed  
Stronger Will Be Liberals'  
Position.

London, May 5.—The budget gives quite a new turn to the political situation. All parties anticipated that the chancellor of the exchequer, facing an extraordinary deficit, would use the income tax as the basis of his plan for balancing the accounts. Moderate opinion, however, was inclined to believe that he would revise the income tax downwards, whilst adding to what the wealthier classes have to pay. Apparently, however, Mr. Lloyd George decided that the plutocrats were quite capable of bearing the whole burden, and he issued his budget, which will bring more than offset by his new demands on the class which most severely feels the double whistles of rates and taxes.

In a sense the budget indicates the interpretation that it is an electioneering weapon, which is unlikely to favor the government in an immediate election. At the same time the income tax will be raised to provide the government with support from that section of neutral political power which is inclined to favor the party conferring immediate benefit.

Herein Mr. Lloyd George has played his cards well. Avoiding the imposition of taxes upon the poorer classes, he appears to have revised the present incidence of taxation, so as to make those able to bear the burden pay. The single taxers are disappointed equally with those who anticipated a general downward revision of the income tax and thus compelling the man with an income of \$750 a year to realize the full financial effect of the recent social reform legislation.

The general character of this latest sample of "Georgian finance" seems to indicate that the chancellor of the exchequer is still playing the game of making the rich pay. Certainly the budget's dual benefit will be not conferred into bonds, shillings and pence prior to 1915. Still the scheme is sufficiently artistically drafted to permit its use as a selling point in the now untriedly immediate general election, whilst the longer the election is delayed the stronger the government becomes an argument in favor of the existing government.

## 'MADCAP BRIDE' SUES MOTHER FOR \$45,000

Los Angeles, Cal., May 5.—Pretty Leo Stone's "madcap marriage" of a few days ago has resulted in a bitter fight in the opening of a bitter fight against her mother to obtain what she declares is her legal right—half of the \$90,000 estate of her father, John Newton Stone, who cut her off in his will with \$50.

As adamant as the day her daughter announced her intention to marry a man her parents refused to entertain because she was "a poor house dealer," Mrs. Fannie E. Stone refused to recognize the new Mrs. Leo Stone. The scene of the unusual legal duel over the Stone fortune is Judge Houser's courtroom, with a jury sitting.

Mrs. Stone still showing traces of the girlhood beauty that won her renown throughout the city, declared her father's will was dominated by the influence of her mother.

She asserted that because she had not married into society as her mother had hoped, but had married for love, her mother had turned absolutely against her.

Mr. Stone's will was filed for probate by his widow on January 10. The estate was had in its sequel in Superior Court in the opening of a bitter fight against her mother to obtain what she declares is her legal right—half of the \$90,000 estate of her father, John Newton Stone, who cut her off in his will with \$50.

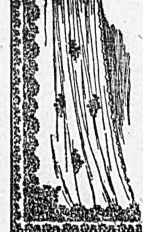

**Women Sent From Edmonton.**  
Kingston, May 5.—Nine women from Edmonton were sent here yesterday, having been transferred to the Ontario Jail at Port Huron, owing to the closing of the Western Asylum for the Insane in Edmonton. Several of the convicted women are serving terms for murder.

**Killed in a Cyclone.**  
Mount Pleasant, Texas, May 5.—Two people were killed when a cyclone swept over Mount Pleasant, near here, yesterday. Half the houses in the town were destroyed.

Twenty 4.80 Trunks, each 2.40

## THE GAY WORLD.

Mr. S. A. G. Barnes returned today from the east called back by sudden illness and death of his little son.

This evening a review will be given by the staff of the music and education teachers of the Alberta College south side, in the assembly hall at eight o'clock.

Tomorrow evening, the young women graduates of Alberta College, south side, who have formed themselves into an association, are giving their first concert in the assembly hall, at eight p.m.

On Thursday evening the regular evening exercises of Alberta College, south side, will take place when diplomas and prizes will be awarded to the twelve graduates. The chairman of the board, Judge Taylor, will make the presentation to the graduates.

Mrs. Hulien, Honorary President of the W. C. T. U. of Alberta, owing to a slight indisposition, is unable to attend the convention this week which convenes at Vegreville.

Rev. D. G. McQueen arrived home this morning from Saskatoon where he presided at the opening service of the new Knox Presbyterian church in that city.

At a meeting of the W. A. of the Royal Alexandra Hospital, it was decided to have a "Rose day" in aid of the hospital, the name to be celebrated on Queen Alexandra's birthday. Mrs. Ambrose Pringle will be convener of the committee to make all necessary arrangements.

On Saturday afternoon Miss Wall entertained a large number of friends at a miscellaneous shower for Mrs. J. P. Dewey (nee Miss Eva McKenna) a bride of last week, and Miss Alice Clements. The rooms were prettily decorated with daffodils, and the number of lovely presents received gave proof of the popularity of both young ladies. Mrs. Wall and Miss Field gave readings, and music was supplied during the afternoon by Miss George Wall.

Mrs. W. T. Ash poured tea while Mrs. George Shaw cut the cake. Assisting were Mrs. Dr. Conn, Miss Clements, Miss Gilland and Miss Morehouse.

Dr. Fraser of Natal B. C. in the guest of her sister Miss Houghton.

"Complexion Secrets Of An Actress"

In a recently issued volume bearing the above title, the author says: "Continued use of cream paints, rouge and the hat ruined my complexion. My skin was colorless, wrinkled, coarse and full of the little pits. In England I first experienced with this marvelous skin cream consumed by the most beautiful and all countries combined. Now wherever I go my complexion is perfect. I feel as if I were a new woman. I have no more wrinkles, no more spots, no more redness, no more itching, no more burning. The face in this every day cream, dissolved in a hot water, is wonderful. I believe the condition most wonderful."

**MARRIAGE LICENSES**  
EXPIRE 9:00 P.M.

for a few days. Mrs. Fraser is en route to attend the W. C. T. U. provincial convention at Vegreville.

A "City beauty" lecture will be given at the Glenora Hotel on Friday evening of this week at eight o'clock. Mr. Walter Ramsay will deliver the address.

Mrs. Clyde McDonald left this morning to attend the W. C. T. U. provincial convention at Vegreville.

On Thursday afternoon at two-thirty the Ladies Aid of the Church of Christ will meet in the home of Mrs. Wm. Knap, 1118 Sixth avenue, N.W. All ladies are welcome.

Miss Edna Macgibbon was guest this week Miss Lawson of Calgary.

Rev. and Mrs. Lobb, who have been the guests of Mrs. Lobb's parents, Mr. and Mrs. Reed, for the past few weeks, have returned to their home in Swan River.

There will be a recital this evening in the first Baptist church by Mr. H. W. Percy, under the auspices of the extension board of the Baptist churches of the city.

Among Canadians in London recently, the following names were mentioned: Mr. and Mrs. H. D. and N. A. Johnson, and Mr. F. H. Owen of Edmonton, Alberta.

Mrs. Clark, Mackay, guest, was hostess yesterday afternoon in compliment to her houseguest Mrs. Whitaker, wife of Bishop Whitaker, who was on Thursday in the route to the Mackenzie River district.

The W. A. of the Royal Alexandra Hospital held a sale of articles left over from the bazaar of last November, together with home cooking and the serving of afternoon tea at the Christ church hall on Saturday, netted the tidy sum of \$86.00 for their work.

Mrs. C. Carruthers will be a tea hour hostess on Thursday afternoon.

Card of Thanks

Mr. and Mrs. G. S. Keen of Coalinga have been desirous of thanking their many friends for their sympathy extended to them in their recent bereavement, also for the lovely flowers

**CITY BEAUTIFUL ADDRESSES**  
This evening there will be an address by Mr. J. H. Tait at the school at 1510 10th street, N.W. on the subject of "The City Beautiful" on the culture of plants and gardens, and seed planting.

On Thursday afternoon at four o'clock, Mr. Tait will lecture at the school on the subject of "The City Beautiful" on the culture of plants and gardens, and seed planting.

At the College Institute, south side, on Friday evening, Mr. Walter Ramsay will lecture in the Oliver school on the subject of "The City Beautiful" on the culture of plants and gardens, and seed planting.

At the College Institute, south side, on Friday evening, Mr. Walter Ramsay will lecture in the Oliver school on the subject of "The City Beautiful" on the culture of plants and gardens, and seed planting.

**CONSUMERS' LEAGUE**  
Each day we will print a paragraph from some lady regarding the organization of a Consumers' League in this city.

"As we would steadily march forward, betterment in this splendid Edmonton I sense as though the time is at hand for every housekeeper to become alive to the advantages to be gained from the organization of a 'Consumers' League.' We should recognize that we have a responsibility for conditions under which the goods which we purchase for our homes are made, and also to give moral and commercial support to merchants and manufacturers who afford humane and just conditions of employment, and who refuse to profit by the sweating system and the labor of young children. It is our duty as housekeepers to reduce the high cost of living and the Consumers' League is the means to that end."

(Signed) MRS. HURLOCK

**Act Quickly**  
Don't wait until you have some ailment, or by serious digestion, which may lead to serious sickness. Immediate relief is assured by that best corrective and preventive

## PERIL OF THE PETTICOAT

The Militant Sisters Are Feared in England, But for Real Terror You Must Go Over to Scotland.

"The swath of a petticoat," said the American consul, "is enough to create a woman-sized panic these days."

"I don't know them—I mean the officials," said the indignant visitor, who had just been refused admittance to the office of the American consul.

"Of course not," said the American consul, "but the lady who accompanies you, while she looks a perfectly mild and amiable person, might be a she-anarchist masquerading as the soft-smiling Miss Lisa."

While the visitor admitted that his wife was not absolutely as sweet-smooth as Lisa looked, his indignation remained unabated. It seemed an outrage, says the New York Tribune, that one should cross the Atlantic ocean and be denied admittance to a crease of historic interest like Holyrood palace.

"I suppose it will be the same in London," he snorted. "I won't be admitted to the Tower, or to the Museum, all because my wife carries a handbag which I assure you contains nothing but half the ruins of Scotland."

"You can always get a divorce," chuckled the American consul. "But, seriously, you should have no trouble in England. The suffragette ladies there have sobered up a little. At no time were they as deadly as here in Scotland. Here we have had to close our eyes to the head and high-heeled residences that is the transatlantic visitor's delight to see have been closed to the militant women."

## HURDSON'S BAY CO.

HAS REMARKABLE WINDOW DISPLAY

New York or Chicago's Famous Merchandise Emporiums Could Not Be More Lavish

REAL WORKS OF ART

DEPICTING HISTORY

Over 3,000 Pounds of Paris in Cobblestones—10,000 Ivy Leaves.

The big day store is again to the fore, this time in the art of window trimming. In viewing these magnificent windows it is really hard to believe that one is in Edmonton, which was until quite recently merely on the verge of civilization.

New York or Chicago could not attempt to do things on a more lavish scale than that on which the big day store is dressed up. The expert has been spared in making this unique display one worthy of the highest attainment of the art of window trimming.

The background is in a representation of a cobblestone wall with white railing, lending a very artistic and realistic effect. In each corner of the window is a large, realistic and real life gold fish and a still further touch of realism. Standing by with fishing rod in his hand is a life-like statue of a fisherman in the act of fishing. The floor of the window is a representation of a Parisian street in cobblestones, and a heavy of models all depicting fashion in the most wonderful creations. Another window is a representation of a Egyptian temple, with its columns and statues, and a heavy of models all depicting fashion in the most wonderful creations.

For the 16 year size, the coat will be made of material 27, 25 yds. 35, 25 yds. 40, 25 yds. 45, 25 yds. 50, 25 yds. 55, 25 yds. 60, 25 yds. 65, 25 yds. 70, 25 yds. 75, 25 yds. 80, 25 yds. 85, 25 yds. 90, 25 yds. 95, 25 yds. 100, 25 yds. 105, 25 yds. 110, 25 yds. 115, 25 yds. 120, 25 yds. 125, 25 yds. 130, 25 yds. 135, 25 yds. 140, 25 yds. 145, 25 yds. 150, 25 yds. 155, 25 yds. 160, 25 yds. 165, 25 yds. 170, 25 yds. 175, 25 yds. 180, 25 yds. 185, 25 yds. 190, 25 yds. 195, 25 yds. 200, 25 yds. 205, 25 yds. 210, 25 yds. 215, 25 yds. 220, 25 yds. 225, 25 yds. 230, 25 yds. 235, 25 yds. 240, 25 yds. ## SNOW AT THE HAT NO GAME PLAYED

Teams Spent Day in Idleness  
—Weather Still Doubtful  
For Today.

Medicine Hat, May 5.—Good for the farmers, but bad for baseball, a steady all day rain and sleet storm caused the postponement of the opening of the western Canada league season here yesterday and the Regina and Medicine Hat teams put in a day of idleness. The part holiday granted by the city was called off early and if the weather permits and a game can be played today it will be proclaimed this afternoon. Conditions of the weather late last night, however, are not favorable for a game today.

## YESTERDAY'S BASEBALL

### National League

Brooklyn 5, New York 4.  
Philadelphia 7, Boston 10.  
St. Louis 6, Chicago 1.

## CHALLENGES WILLIE COLE

A challenge to Willie Cole has been received at this office from Young Kid Neadeau formerly of Waltham, Mass., but now of Edmonton. Neadeau challenges Cole to box 15 rounds on the 25th of May at a winner-take-all basis. Place of bout to be arranged later. Match can be arranged through sporting editor of this paper.

## GUN CLUB SCORES

The Northern Gun Club held a successful shoot at their trap Saturday afternoon, some excellent scores being made. The results were as follows:

Shot at Broke, P.C.	Score
B. F. Morris	75 64 85.3
E. Koet	125 165 81
Mores	125 165 82.4
A. J. Pifer	75 64 81.3
C. J. Kirk	125 98 78.4
W. A. Michael	100 77 77
Holmes	100 75 75
Watt	100 73 73
L. L. Pearce	50 35 70
T. J. McNamara	125 84 67.2
R. L. Hoar	100 64 64
T. J. McNamara	125 84 67.2
A. A. Hunt	25 12 48
W. J. McNamara	100 47 47
J. E. Hirst	25 10 40
James	25 9 36

## Barbarians Practice.

A full turn out of the members of the above club will be present for the practice at the old exhibition grounds this (Sunday) evening at 8:30 p.m. in view of the match with Strathcona on Friday next, (Arbor day).

## BRAMPTON ARE MAKING GREAT

preparations to go after the Mann Cup in June, which is held by the Vancouver A. C., and the winners of the O. A. L. A. senior championship are determined to bring the emblem of the amateur championship of the world back to Eastern Canada.

Ithaca, N. Y., is installing meters to check water waste.

**The Real Balmacaan**

in stock and made to your measure,

in the wide, roomy English style — by tailors who will give you a garment of the most pronounced distinctiveness.

Both quiet and striking effects — tailored to perfection. \$18. up.

**J. H. Morris & Co.**

## Bill Hurley's Quakers Defeat the Eskimos 5 to 3 Record Crowd See Opening Game at Diamond Park

Monster Parade and Game Witnessed by Thousands—McNamara and Magrath the "Basketball" Battery—Eskimo's Ninth Inning Rally Provides Plenty of Excitement—Teams Play Again Today at 6:15—Pitcher Russell Had Ten Strike-outs—Foot Ruell a Star.

Before a crowd of 5,000 fans at Diamond park yesterday afternoon Bill Hurley's Quakers took the opening game from the Eskimos 5 to 3. In account of the chilly weather the crowd was not up to expectations, but the cheers of the 5,000 lusty voices could be heard far distant.

A monster auto parade preceded the game, touring the principal streets for an hour before the hour of four arrived. Crowds thronged the sidewalks, lined the long line of view wagons, car lines, and the loyal, enthusiastic rooters and supporters of the Eskimos. Headed by the citizens' band, the parade wound its way through the crowded thoroughfares. Men prominent in business, political and church life were figureheads in the long line. Fans, families, boys and aged parents alike helped to make the procession one grand happy throng. For it was opening day and the first game was to be seen.

## Quit Your Pushing.

Long before the sun descended McDougall hill and arrived at the park, were the crowds streaming through the entrance of Diamond park and by the time the procession arrived at the scene of the battle the grand stand was filled. The entrance of the park was then began the rush and crush for admittance. The crowd, ever increasing in numbers, swayed to and fro, first this way, then that, but always ahead and towards the little wicket in an endeavor to secure one of the little patches of ground necessary for admittance. Never in the history of baseball or any other game in this city was the staff of ticket sellers and takers worked so hard and so long. And Deacon was there with his little satchel grabbing the fans as fast as his two hands could work, and even then some missed his eagle eye and slipped by unnoticed and unadmitted.

## And On to the Grass, Too.

In they flocked, filling grand stand, bleachers, overflowing into the ball field, and straggling long lines down either side of the diamond, and along the farthest end of the field. Four deep they were, extending to the sides, perched upon house tops and fences, until everywhere and beyond was one solid mass of people, eager and anxious for the game to begin and to once again hear that joyous sound, "batter up."

Mayor McNamara pitched the first ball to W. J. Magrath. (A football and a basketball were used). Catcher Magrath looked a big leaguer, decked in all the regalia of a battery man. The mayor (he said he played on the Edmonton team 18 years ago, with cap and all) over one eye, slammed the ball plateward, the catcher caught it (on the bounce) and the game was on.

## Some Battery We Have.

Russell, the Eskimos' only left hander, took the mound, and Lemieux was Chief Cadreau, pitcher, and Walters, behind the bat. Before the game was over Russell struck out ten men, and Cadreau nine, but that's another story.

## Good Old Povey.

In a ninth inning rally, with Spencer batting for Russell, the Eskimos scored three runs when Povey slammed a home run to the left field corner, after Spencer and Fortier had both singled. Goldie drew a walk, but was out at second when Ruell singled. Redmond's long fly to Mills and Nordyke's hit to Cadreau banished any chance the Eskimos had of pulling the game out of the fire. A splendid running

and home, due to a couple of errors on the part of the Eskimos. Lemieux, seeing Grover sailing toward second, pegged to Redmond, who missed, the ball going center, center to be fumbled some more. Hurley was caught going to third, Ruell making one of the prettiest plays of the game in the put-out. Harper hit to first. One run.

## Eskimos—Eighth Inning.

The fans took new hope when Manager Nordyke cranked out to center, but "Rube" Mills was in the vicinity and when he finished running he had the ball in his mitt and Nordyke's efforts were for naught. It was a good catch. O'Brien out, third to first, and Lemieux struck out. No run.

## Quakers—Ninth Inning.

Walters hit to left fence for two bases and went to third when bag was not covered. Cadreau fanned. Mills hit to left for two bases but was out stealing third, but Walters scored. Hurley walked. Wilson did the same, and Chick pegged a fly to O'Brien. One run.

## Eskimos—Second Inning.

If it were not for such linings as this ninth inning, baseball would not be worth seeing. The Eskimos' last chance, their one dying hope, their all, once more, 5,000 fans spent their remaining strength in an effort to fan the flame of victory, and once more their hopes rose to the highest possible pinnacle, only to be dashed with a dull thud to the realm of the defeated. Still Spencer, batting for Russell, singled over second. Fortier followed suit to Cadreau, who dropped the ball and allowed the fleeing runner to get dirty over, and this he did and dropped it, but Nordyke's last opportunity awaited him, as he hit Cadreau and was struck out. No run.

## Quakers—Fourth Inning.

Hurley out, Redmond to Nordyke. Hurley hit a neat two-bagger to center and stole second after a tag game on the base line, coming home when Harper hit to left. Redmond to Nordyke. Walters drew a pass and Cadreau fanned. One run.

## Eskimos—Fourth Inning.

Povey drove one on a line over first base and was out. Goldie whiffed the air and Ruell was out on a fly over third. No run.

## Quakers—Fifth Inning.

Mills, for the second time, struck out. Hurley out. Ruell to Nordyke. Wilson lined one past Russell to center, and stole second when Redmond dropped the throw from Lemieux. It should have been an easy out. Chick one again fanned. No run.

## Eskimos—Fifth Inning.

Things were looking dismal for the home team, so the bleachers rose in a body and commenced to "baven things," but soon were quieted down when Redmond first up, struck out. Nordyke, next, a good example to the team-mates, drew a pass and went to second station, when O'Brien hit to pitcher. Lemieux was put away by the strike-out route. No run.

## Quakers—Sixth Inning.

Hurley out, Ruell to Nordyke. Grover was out when O'Brien caught his fly to the infield. Harper fanned. No run.

## Eskimos—Sixth Inning.

Russell out, short to first. Fortier was out on a fly to right field and Povey out, short to first. No run.

## Quakers—Seventh Inning.

Walters out, Ruell to Nordyke. Chief Cadreau whiffed the air. Rube Mills hit along third base line into the crowd for two bases and scored when Hurley drove a fly deep center. One run.

## Eskimos—Seventh Inning.

Goldie went out, third to first, and the best Foot Ruell could do was a nice easy fly to short. Redmond was out, third to first. No run. And the "back-seventh" was past.

## Quakers—Eighth Inning.

And Chick, he fanned again. Third time for that bird. Then came the beginning of the end. Hurley tapped one down to Nordyke, who, instead of making the put-out himself, left that honor to Russell, but the big pitcher dropped the ball as he tagged the bag, and was safe as a church, but was to be caught later. Grover drew free transportation and stole around second

## NOTES OF THE GAME

Bussey Povey won the \$25 purse hung by the industrial association for the first home run in yesterday's game. He also gets a pair of gold cuff links from Jackson Bros. and a pair of trousers from Tipp & Co. He also gets \$5 worth of merchandise from Hooper & Whittell for the hit that scored the first run.

Stash Spencer wins a box of smokes from Deane & McNeill for scoring the first run. Catcher Lemieux is now the possessor of a leather bill valet presented by A. M. Eech & Co. for making the first sacrifice hit.

## President James Fleming hit.

There were 4,300 paid admissions to yesterday's game. Of these about 800 were grand stand tickets. It was a record crowd for the western Canada league. The Edmonton Recreation Co. has issued a season pass to every clergyman in the city.

## On yesterday's showing, Pitcher

Ruell should more than make good on the team this summer. For the opening game he pitched grand ball and fanned ten Quakers.

## Foot Ruell held down the difficult

corner to a nicety, accepting seven chances without an error. Nordyke on first showed his class as a first-sacker. Lemieux behind the bat showed to advantage.

## Umpire Colgate, a new official to the

W.C.L., made a good impression on his initial appearance. His judging of balls and strikes, while not perfect, has far exceeded some exhibitions of the art seen at Diamond Park, and he will stand for no nonsense.

There will be a practice of the Senior lacrosse team at the High School grounds this evening at 6:30 o'clock.

## BRONKS TRIM

## MOOSE JAW 7-2

Game Played in Dust Storm—Frink Pitched Great Ball—Concannon Hit.

Calgary, May 5.—In one of the worst dust storms that has visited Calgary in years the opening game of the Western Canada league schedule was played before a crowd of two thousand fans who watched Walter Frink pitch wonderful ball. He fanned 13 of the opposing Moose Jaw batters and allowed but four hits. But for a costly error by Bull Croft, it would have been a shut out game. The score was 7 to 2.

## Calgary's first two runs came in

the third inning. Piper and Reynolds scoring on Croft's long single. Lefty Concannon was chased from the mound by the hard hitting Bronks in the fourth inning. Three runs had crossed the plate in that inning and the bases were full when Parsh took up the burden. Another run crossed the plate before the new pitcher retired the side. During the remainder of the game he pitched very good ball. Only one other run was scored by Calgary. In the seventh thompson tripped and scored Croft from first.
